Company Introduction

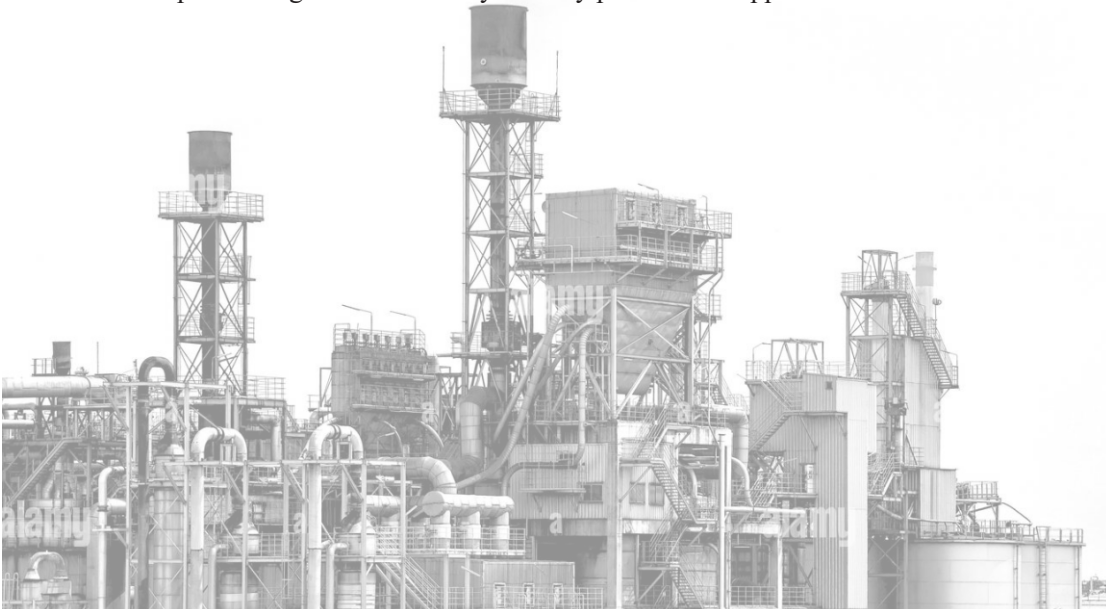

In 1986, the late **Bahman Ranjbarpour Azarizad**, our honorable founder, with exemplary determination and perseverance, laid the foundation of a business built on the values of quality, commitment and trust. From the very beginning, this family-run business not only succeeded in meeting the demands of industries such as oil, gas, petrochemicals, power plants, cement and construction, but also became a symbol of constancy and authenticity through the transfer of valuable experience from one generation to the next.

In 2017, the company's management transitioned to the second generation of the family. **Hossein Ranjbarpour Azarizad**, honoring his father's legacy, assumed leadership under a new brand identity, Aliaj Pergas Iranian (APICO). Choosing advancing the national industry and leveraging the accumulated experience of previous years to different parts of this business as his mission, he has endeavored to retain the company's market share and reinforce its position as a pioneering and value-creating business in the supply chain by utilizing modern technologies.

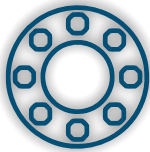

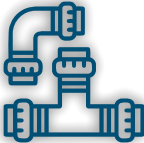

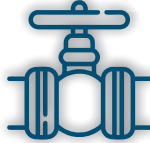

By securing its position on the Iran Ministry of oil approved vendor list, Aliaj Pergas Iranian has successfully earned the trust of leading industrial organizations.

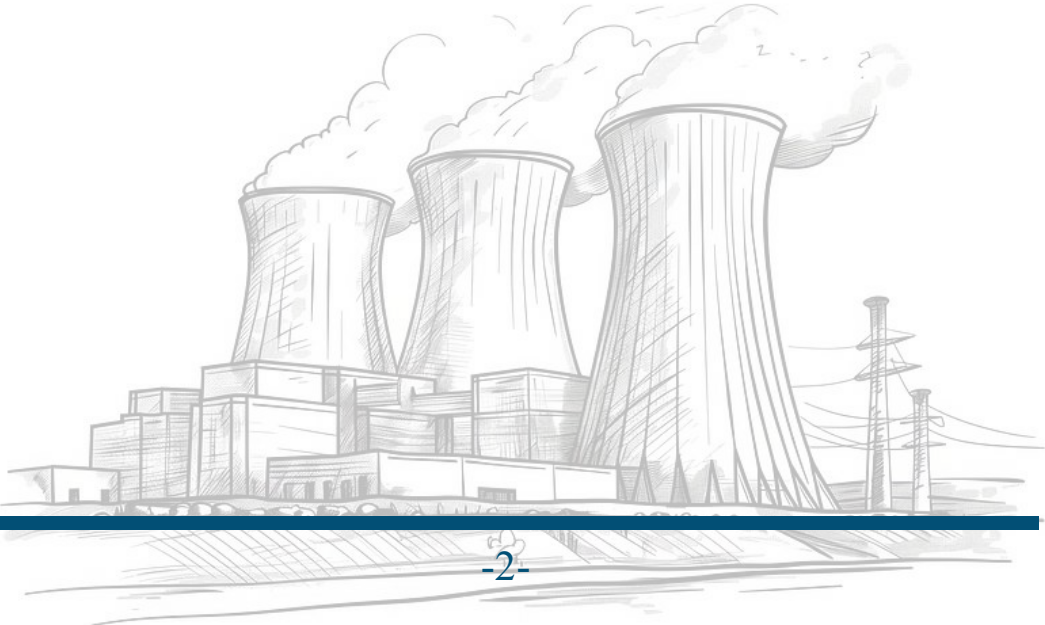

Policy

- Empowering our staff and encouraging their participation as the company's most valuable assets;
- Continuously improving the timely procurement process in compliance with industry standards and the expectations of the clients and other beneficiaries;
- Building constructive relationships with clients and consulting engineers as key partners of the company;
- Implementing environmentally friendly policies and approaches.

Our Products

Size	1/4-96 INCH
Material	Carbon Steel/Stainless Steel/Alloy Steel
Type	EFW / ERW / SAW / Seamless
Thickness	5-XXS
Standard	API / ASME / ASTM / DIN/GOST/ANSI

Size	1/8-96 INCH
Material	Carbon Steel/Stainless Steel/Alloy Steel
Type	Welding Neck/Blind/Over Face/Slip On/ Threaded/Socket Weld/Spectacle
Class	150-2500
Standard	API / ASME / ANSI/ DIN/GOST

Size	3/8-36 INCH
Material	Carbon Steel/Stainless Steel/Alloy Steel
Type	Elbow/Tee/Cross/CAP/Coupling/Reducer
Connection	Socket Weld/Threaded
Standard	ASME / ASTM / MSS / DIN/GOST

Size	1/8-120 INCH
Material	Carbon Steel/Stainless Steel/Alloy Steel
Type	Ball/Globe/Gate/Butterfly/Plug Check/Control/Diaphragm/Strainer
Actuator Type	MOV/Hydraulic/Pneumatic
Standard	API / ASME / ASTM/ANSI / DIN/GOST

Pipe Type	Steel / Galvanized
Thickness	2-4 mm
Connection Type	Swivel/Girder/Fix/Sleeve/Putlog/Board retaining

Size	In Different Dimensions
Thickness	5-50 mm
Standard	ASTM/GB/DIN/GOST/EN10028

Size	10-32mm
Material	MO40/CK45/ST52/70CR2/ST37/normal
Type	A1/A2/A3/A4

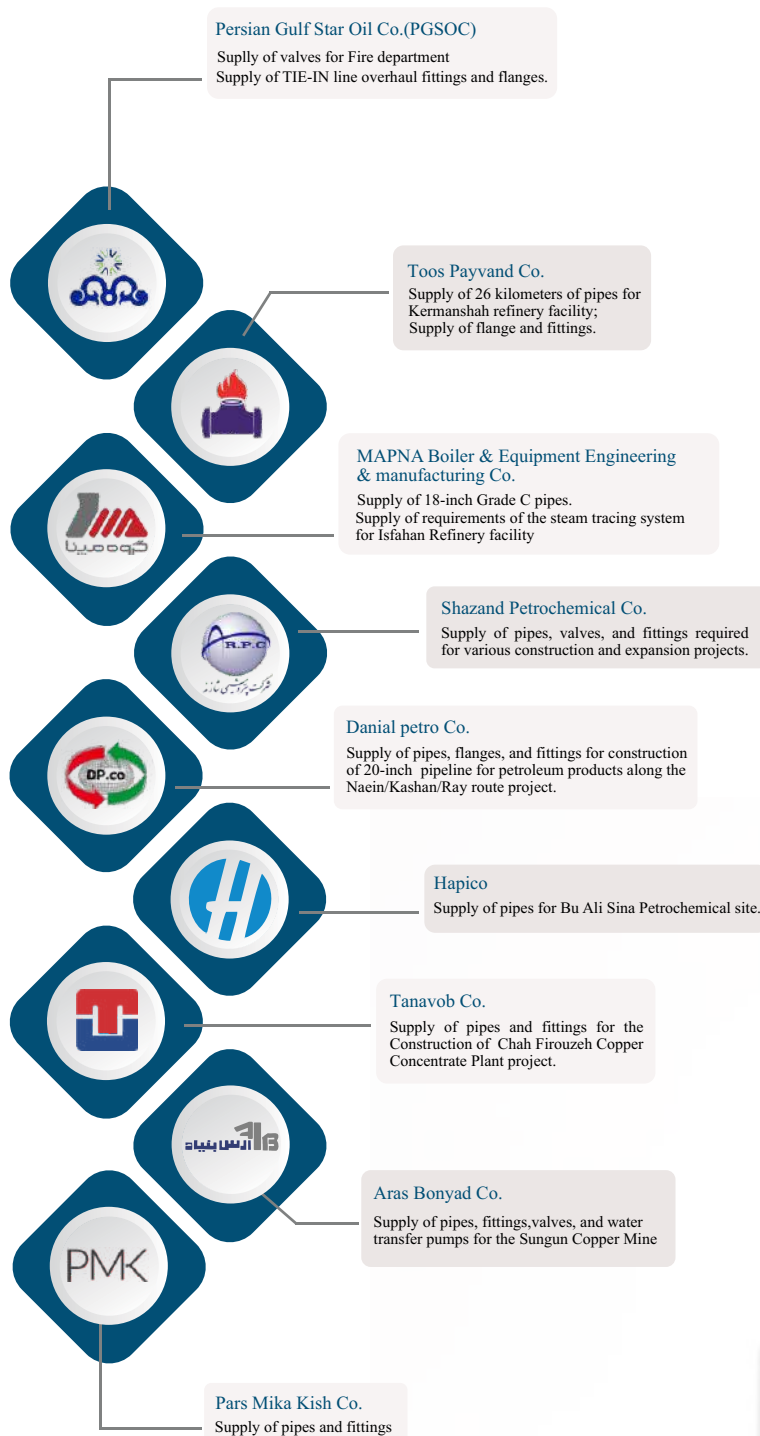

Size	12-30CM
Type	INP/IPE /IPB/CNP/IPBL/IPBv
Standard	DIN /ASTM / JIS / ISIRI / Eurocode 3
